

## Impact Fee Statements

---

### Background & Purpose

Impact fees are paid by developers to support costs associated with the future development of public infrastructure. The City of Madison collects impact fees for Parks, Engineering, and Traffic Engineering. The City of Madison currently has 16 Impact Fee Districts: 6 Parks districts, 9 Engineering districts, and 1 Traffic Engineering district. The City began using an impact fee model for collecting development fees following the adoption of a 1993 Wisconsin state statute that guides the program.

Funds collected in the various districts are reinvested for public infrastructure projects within the district where they were collected, with the exception of the Citywide Parkland fee. Funds for this district are collected from developers that opt out of dedicating land to open space as part of new development.

Effective January 1, 2017, The City's park-related impact fees were repealed and replaced by a combined "Park Impact Fee." This new Park Impact Fee continues to apply to all development in the City, and will consist of two parts: the Park-Land Impact Fee (replacing the Parkland Impact Fee) and the Park-Infrastructure Impact Fee (replacing the Park Development Impact Fee). The Park-Infrastructure Impact Fee rate will be adjusted annually based on the Construction Cost Index. The Park-Land Impact Fee rate will be adjusted annually based on City Assessor land value data.

The previous 11 districts, which were centered around the City's large neighborhood/community parks, have been recreated as four districts: north, east, central and west. The larger districts provide increased flexibility in the expenditure of park development impact fees. In addition, 20% of all Park-Infrastructure Impact Fees will be placed into a City-wide benefit district to be used throughout the City. The previous 11 districts will be closed as the funds are expended.

### 2020 Highlights

Key Impact Fee-funded projects in the 2020 CIP include:

- Funding for path and court improvements in parks located within the Far West district
- Funding for various park land improvements in Elver Park
- Anticipated funding to acquire land for a new park
